The mission of Mountain Spirit Institute is to facilitate one's connection to self, each other and the environment. By so doing, participants will have a greater appreciation, and understanding of their own resources, of other individuals around them, as well as a better sense of their place in the natural world. Self reliance, compassion, service, centeredness, physical fitness and interpersonal community-building, as well as caring for, and understanding of the natural environment, are hallmarks of the mission..

**Re: Opportunity for Business Sponsorship:
Peruvian Music Performance and Educational Program**

Greetings,

April 2008

Mountain Spirit Institute is hosting three Peruvian musicians to perform and teach in the USA. They will arrive from Cusco, Peru from Aug 25th and stay through Oct 5th 2008, and focus on two locations, Salt Lake/Park City Utah, and then visit The Dartmouth Lake Sunapee Region of New Hampshire.

Their performances and educational program will lighten up the lives of local students and audiences in these two areas. The three core members of the band are dynamic performers and passionate about their music and message. These concerts will be family oriented, foster inter-cultural understanding of Andean folklore and music, and be an exciting event for the community.

MSI is offering you an opportunity to support this worthwhile exciting project. **We are seeking ten \$465.00 business sponsorships to help with travel expenses for this project.** In return, your organization will be mentioned at performances and educational programs, and the name of your organization will be displayed on site and on our webpage.

Your tax-deductible donation will be restricted solely for the travel expenses for this program.

Visit "Chimu's" on the web for complete details:
www.mtnspirit.org/Quechua.html

I hope your organization will consider giving to this worthwhile and exciting cause.
Sincerely yours,

Dexter R Richards, Founder and Executive Director
Mountain Spirit Institute
